

Behavioral Health Services

Maintain training compliance and support continuing education with engaging, evidence-based e-learning content.

With a rising demand in mental health and substance use treatment services, it's a continuous challenge to attract, onboard, and retain skilled clinicians. The additional challenges of managing the learning and development needs of your staff adds pressure to an already demanding environment.

RELIAS' BEHAVIORAL HEALTH SERVICES

library of e-learning content provides engaging, timely, and evidence-based courses that cover topics relevant across a variety of behavioral health settings. Hosted on the Relias Platform, our varied and interactive learning content is specially crafted to meet the needs of mental health and substance use professionals, from peer supports and licensed clinicians to clinical supervisors.

SOLUTIONS TO MEET THE NEEDS OF BEHAVIORAL HEALTH AND SUBSTANCE USE TREATMENT PROVIDERS:

- **Hundreds of hours of CEUs**
Over 400 hours of continuing education units (and counting) for your clinical staff. Includes CEUs for social workers, marriage and family therapists, mental health counselors, psychologists, substance use counselors, nurses, and more.
- **“In Session” clinical simulation courses**
Simulation-based courses that allow behavioral health clinicians to practice their therapeutic skills, building clinical competence and confidence.
- **Microlearning courses**
Short, focused courses on critical behavioral health information, strategies, and screenings. These courses are mobile-optimized for your on-the-go staff.
- **Paraprofessionals and Peer Supports**
Engaging content specific to paraprofessional and peer support roles. Topics include ethics and professional boundaries, clinical diagnosis and treatment overviews, foundations of peer support, and more.

EXAMPLE COURSE TOPICS INCLUDE:

- Behavioral health equity and multicultural care
- Clinical supervision
- Crisis prevention and intervention
- Employment support
- Evidence-based treatments (ex. CBT skills)
- Integrated care
- Motivational interviewing
- Substance use treatment and recovery
- Suicide screening and prevention
- Telehealth
- Trauma-informed care

We understand the learning needs of behavioral health providers. Let us be your partner in supporting your staff's skills and improving outcomes for those you serve.
